Subject: Request for withdrawal as agent

Technology Center 2600

Dear Sir or Madame:

I hereby apply to withdraw as agent for the above identified patent/patent application. The reason for this request is that I am leaving my current office of employment to attend law school.

Although I am requesting to withdraw from the above patent/patent application, Winston Hsu, agent registration No. 41,526, will continue to serve as the primary agent of record for this case. **This request for withdraw *does not* affect the status of Mr. Hsu as the principle agent of record for the above-identified case.** Consequently, the correspondence address is NOT affected by this withdrawal. Furthermore, as Mr. Hsu will continue acting as the agent of record, my withdrawing from this case will not affect the client's ability to obtain timely representation. Mr. Hsu, as my employer, has agreed to my withdrawal and will continue handling all aspects of this case. I therefore believe in good faith that the USPTO should find this request for withdrawal acceptable.

Sincerely yours,

Mord Michael Lewis

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
